

# Hamilton Beach®

## Hamilton Beach® Blend Now™ Portable Cordless Blender

**Blend Anywhere** - Smoothies and shakes are within reach anytime and anyplace with this battery operated, portable cordless blender. It's smaller and lighter than traditional blenders making it easy to take on the road, pool side, post workout or the office. Designed for simplicity, blend status lights provide real time feedback at every stage from starting the blending cycle to when it's time to charge the battery.

**Shatterproof 16 oz. Jar with Travel Lid** - The 16 oz. jar provides the convenience of portability with the included travel lid. It's perfect to take on road trips, tailgates, commutes or anywhere without worrying about a power supply.

**Long lasting USB charge** - One full charge is capable of blending up to 28 protein shakes back-to-back. When it's time to re-charge, plug the USB cord into a power bank, laptop, car or RV and the blender will be fully charged in hours.

**Multipurpose Blade Guard** - This versatile attachment will measure protein powder, cover blades for easy storage and store protein powder while traveling.
