### Hamilton Beach® Professional 1800 Watt Peak-Power Blenders

**Power:** These Hamilton Beach® Professional blenders feature 1800 Watts of peak power with a commanding 2.4 peak horsepower motor delivering professional-level performance for restaurant-quality results. Hardened stainless-steel blades rotate over 140 mph to power through ice and tough ingredients, creating exceptional smoothies as well as sauces, purees, and frozen cocktails.

**Performance:** Variable speed dial gives you ultimate control over the blending process whether whipping cream or chopping salsa. The pulse function can be used at any speed for mixing and chopping without over processing to achieve the ideal texture. Both blenders have a tamper to help you blend thick or frozen mixtures to the perfect consistency.

**Durability:** The metal drive and stainless steel blade easily blends frozen fruits and ice, and the BPA-free, shatterproof 64 ounce Tritan™ jar can handle the toughest jobs. Built to provide years of high-performance blending, the blender is backed by a five-year limited warranty.

**Additional Features (Model 58850):** This model has a digital countdown timer and four pre-programed settings for walk-away convenience and one button cleaning. For smoothie, ice crush and puree, simply add ingredients, choose the program by turning the dial, and press start.
