

Hamilton Beach®

Hamilton Beach® Air Fryer Toaster Oven

One Product, Four Options: Optimize valued counter space with this two-in-one appliance. Air fry, convection, toast, bake or broil with the new Hamilton Beach® Air Fryer Toaster Oven. Pop in a few slices of bread to toast or bake a batch of homemade cookies with the ease of a traditional toaster oven. Now you can also air fry your favorite vegetables or cook mouth-watering chicken wings, French fries and more in the same oven. It's also ideal for simply re-heating leftovers. The Sure-Crisp™ convection air fry function provides browning and crisping of food, while still cooking evenly and quickly.

Easy Access: The large glass door makes cooking less of a hassle by providing easy access to your food. A slide out crumb tray is included for effortless clean-up, as well as a metal mesh basket for air frying, bake pan and broil rack.

Faster Cooking, Less Energy: Hamilton Beach's latest innovation saves energy while reheating food faster. The Air Fryer Toaster Oven uses 71% less energy and reheats food 28% faster than a conventional oven.

Additional Features: Utilize the "stay on" setting to keep food warm after preparation. The Air Fryer Toaster Oven comes equipped with a 30-minute timer, auto-shut off and a ready timer for your convenience. This Air Fryer Toaster Oven provides optimal storage, with room for up to six slices of bread or a large 12" pizza.
