

# Hamilton Beach®

## Hamilton Beach® 1.6L Cool-Touch Kettle

**Worry Free Handling** – Make yourself a hot cup of tea or boil water quickly for your favorite recipe in this convenient and safe to the touch kettle. The exterior wall of the kettle as well as the spout remains cool during operation while the durable and BPA-free stainless-steel interior keeps water hot inside.

**Fast and Powerful** – Perfect for anyone on the go, this kettle is packed with 1500 Watts of power, ensuring the water heats up quickly and evenly.

**1.6 Liter Capacity** – Preparing your favorite hot beverage has never been easier. This kettle is large enough to make hot water for coffee, tea or soup for everyone at the table. Internal water level markers take the guesswork out of filling up to the exact amount of water you need to heat.

**Convenience** – Cord-free serving allows you to lift the kettle off the base and easily transport it from the kitchen countertop to the dining table. The cord wraps out of the way to reduce countertop clutter and provide trouble-free storage.

**Peace of Mind** – Once water comes to a boil, the kettle will automatically shutoff and provide boil-dry protection to prevent scorching. A mesh filter is included and fits inside the spout to help capture hard-water deposits.
