

Hamilton Beach®

Hamilton Beach® Countertop Ice Maker

Host the Perfect Summer Party – The Hamilton Beach® Countertop Ice Maker is perfect for hosting parties, tailgates, camping trips and more. Make up to 28 pounds of ice per day. The spacious half gallon water tank can produce over a pound and a half of ice between refills to be held in the ice bucket.

Intuitive Controls – The ice maker has two intuitive indicators to let you know when the ice bucket is full and when water needs to be added. Making 2 different cube sizes and 9 ice cubes every 8 minutes, the Hamilton Beach Ice Maker makes enough ice to keep your drinks cool on a hot summer day. Choose between small or large ice cube sizes.

Additional Features – The stainless and black exterior of the ice maker looks great on any countertop. The viewing window allows for easy access to check on the ice making status. Ice bucket and scoop are included.
