

Proctor Silex® Personal Glass Blender

Homemade Yogurt – Making your own yogurt has never been easier. The new Proctor Silex® Digital Yogurt Maker allows you to make up to 32 ounces at once and features a digital countdown timer to let you know exactly when it's ready. The yogurt maker takes the guesswork out of the often-tedious task of heating and holding milk at an exact temperature.

Prepare and Store – No need to dirty additional dishes. Simply remove the included container from your yogurt maker and store in the fridge as is. Snap down clips on the lid are easy to use and prevent a mess.

Endless Possibilities – Recipe ideas are provided with your Proctor Silex® Digital Yogurt Maker. Try new flavors or add fruit, nuts and more before eating for variety at breakfast, lunch or snack time.

Additional Features – Designed with a stainless-steel exterior, this yogurt maker comes with a one year limited warranty. The removable container is dishwasher safe for easy clean-up.
