

Hamilton Beach® 4 Piece Slow Cooker Universal Base and Lid with 2 Qt. and 4 Qt. Oval Stoneware Dishes

Hamilton Beach®

Two Ways to Cook and Serve

The 4 Piece Slow Cooker from Hamilton Beach® makes food prep more convenient than ever. A universal base and lid along with 4 qt. and 2 qt. oval stoneware dishes add versatility. Hamilton Beach® research found the 4 qt. capacity the most popular size for meal preparation. Many slow cooker recipes call for this size. It's perfect for families, making four to six servings. The 4 qt. dish is easy to handle, comfortable to lift and fits nicely on the counter or in the dishwasher. The 2 qt. stoneware dish is perfect for appetizers, dips, sauces or small meals. From the universal slow cooker base to the table, serving is easy.

The flexibility of having two sizes of stoneware dishes is a great value to the consumer. "The size of the slow cooker is very important and really impacts results," states Betty Bryne, consumer test kitchen manager, Hamilton Beach Brands, Inc. "The stoneware dish should always be three quarters full in order to ensure great taste and quality. Having the two sizes of bowls makes it easier."

Heat settings include low, high, and keep warm. The 2 qt. nestles inside the 4 qt. for compact storage. Both oval stoneware dishes remove for serving and refrigeration and, along with the lid, are dishwasher safe.

KEY FEATURES

4 Qt. Oval Stoneware Dish – Popular size. Most slow cooker recipes call for this capacity. Good choice for families. Easy to handle, comfortable to lift, fits nicely on the counter or in the dishwasher.
