Good Thinking® Features

Versatile Functions – Need to stop toasting? Just press the cancel button at any time. Extra-wide slots make it easy to create warm, crunchy bagels, English muffins or buns. The bagel function toasts on the cut side while gently warming the other. Defrost allows additional time for food to thaw, heat through and then toast in one simple step. A special toast boost lifts food higher for easy removal.

Candy Apple Finish – Add a splash of color to kitchen countertops.

Easy Clean-Up – The metal, smudgeproof finish cleans easily with a damp cloth, while the slide-out crumb tray makes it convenient to dispose of unwanted crumbs.

Automatic Shutoff – Toaster shuts off at the end of a cycle, even if food gets jammed.
