The Inside Scoop – 3 Tips for Coffee Lovers

Keep Your Coffee Pods Fresh - Store your Senseo® pods in a cool, dry place to maintain the flavor.

Clean Your Coffee Maker - Once a month, pour ½ cup of plain white vinegar and ½ cup of cold water into the reservoir. Visit www.hamiltonbeach.com for complete instructions on this simple process.

Don't Let Your Pods Linger - Once you open your pods, use them within two-to-three weeks for best flavor.
