### Good Thinking® Features

**Unique Design** - Everyone will love this toaster's winning combination of safety related features and affordability. The SmartToast® toaster was designed to provide your most important features including its SureGuard™ shock-resistant concealed heating element. Automatic shut-off in case toast gets jammed. A cool-touch exterior won't burn hands if the side of toaster is touched accidentally and the toast boost feature raises toast higher for easy access.

**Versatile Functions** -The toaster comes with tongs to help lift bagels and toast and it stores neatly in the back. The bagel function toasts on the cut side while gently warming the other. The slide-out crumb tray makes cleanup a cinch and cord storage helps hold everything in place. The defrost setting allows additional time for food to thaw, heat through and then toast in one simple step

### Top Foods Prepared in Toaster

- Bread (95.6%)
- Bagels (63.3%)
- English Muffin (60.2%)
- Frozen Waffle (29.4%)
- Frozen Toaster Pastries (14.4%)
