## Good Thinking® Features

**2 appliances in 1** – Use the three-cup chopping container or the six-cup blender jar with the same stainless steel base. Free up cabinet space with one base instead of two.

**No more chunks** – Our revolutionary Wave-Action® system pulls the mixture down into the blades for smooth results every time. No more ice chunks in margaritas or vegetable lumps in soup.

**Save time in the kitchen** – Skip the time-consuming process of dicing by hand; instead use the chopping bowl to prepare nuts, salsa, and sauces.

**Keep countertops clean** – Our easy-pour spout means your concoctions end up in your glass...and not on your counter.

**700 watts peak power** - Whether you need low, high or pulsing, this powerful appliance will help get the job done.

## Cappuccino Cooler

**Ingredients**

2 cups (500 ml) cold coffee  
2 cups (500 ml) vanilla ice cream  
½ cup (125 ml) chocolate syrup  
Ice, crushed  
1 banana  
Whipped cream (for garnish)

**Directions**

1. In a blender jar, combine cold coffee, ice cream and chocolate syrup. Cover.
2. Blend until smooth.
3. Pour over crushed ice.
4. Top with whipped cream if desired.

Serves: 4
