

Hamilton Beach®

Hamilton Beach® Professional Digital Kettle

Pour a Hot Cup: From tea and hot water to pour-over coffee, hot cocoa and even soup, this kettle provides maximum temperature control for the perfect sip every time. Whether it's a steaming cup of tea or hot chocolate for the entire family, this kettle will make boiling water easier than ever.

Maximum Control: The Hamilton Beach® Professional kettle offers digital controls including six preset temperatures and ultra-fast boiling. Use the programmable start option for hot water at any time. The auto shutoff feature is designed for safety and boil-dry protection. Equipped with an easy-to-read LCD control panel, you'll know the time and temperature of your water at a glance. An illuminated water panel makes it even easier to tell how much water is in the kettle.

Sleek Design: The 1.7-liter stainless steel kettle lifts off the base for cord-free serving. Its lid opens with the tap of a button and the mesh filter is easily removable for cleaning.
