

Hamilton Beach®

Hamilton Beach® 6 Speed Hand Mixer with Easy Clean Beaters

Innovative Design – The patent-pending Easy Clean beaters effortlessly glide through ingredients to reduce clogging and save time while preparing meals. A simple push of a button during mixing allows for use of the QuickBurst™ function for extra power at any speed to get the job done quickly.

Versatility in Your Mixing – Enjoy having it all with two Easy Clean beaters, two traditional beaters, two dough hooks and a whisk. With six speeds and 275 watts of peak power, these accessories are perfect whether you're kneading thick bread dough, mixing brownies or whipping cream.

Convenience at All Times – With the convenient snap-on storage case, there will be no more digging around for lost accessories. The Bowl Rest™ feature lets you rest the mixer on the side of the bowl to free your hands and add ingredients. After mixing, the beaters are dishwasher safe for easy cleanup.
