Good Thinking® Features

Quick and Easy – It's so simple to make frozen treats using juice or other healthy ingredients. Just place the Fast Pop™ Frozen Treat Maker in your freezer overnight, then add ingredients and watch them freeze in minutes. Makes 2 pops in 10 minutes and 6 pops without refreezing.

Fun Varieties – Make striped pops, add fresh fruit, nuts, candy ... the possibilities are endless! Recipes included.

Pops Won't Stick – Pop out the freeze sleeves with our unique spring-action design and run under water for 1-2 seconds to release the pop – no tool required. Even sugar-free treats pop out easily.

Fun for Kids – Convenient funnel attachment positions the stick in the middle of the pop and directs ingredients into the sleeves to prevent messy spills. Use included plastic sticks or standard wooden sticks.

Strawberry Yogurt Pops

Ingredients:

- 4 large strawberries, quartered
- 2 teaspoons sugar
- 1 container (6 oz.) strawberry yogurt
- 4 small strawberries, thinly sliced

Directions:

Place 4 large strawberries and sugar in food processor. Process until smooth. Add strawberry yogurt; process until blended. Press strawberry slices on inside of freeze sleeves. Spoon about 2 tablespoons yogurt mixture into freeze sleeves and place into Fast Pop base. Place sticks in freeze sleeves. Slide on funnel attachments. Allow pops to freeze in Fast Pop base. Carefully remove funnel attachments. Push down on Fast Pop base to release freeze sleeves. Quickly rinse sleeves under running water to release pops.
